Skills

- **Languages**: C++, JavaScript, C, PHP, Python
- **Frameworks**: HTML and CSS, Bootstrap, Express JS, React JS,
- **Tools/Platforms**: MySQL, MongoDB, PostgreSQL , git, github , Docker
- **Soft Skills**: Problem-Solving, Team Player, Project Management, Adaptability

Projects

snapPDF - PDF Utility : | Link **Feb 2026**

- Developed a scalable document conversion service utilizing a pnpm workspace monorepo architecture,separating the Next.js frontend from the underlying processing API.
- Containerized the backend using Docker, configuring a custom Linux image with LibreOffice headless and extensive font libraries to ensure high-fidelity Word-to-PDF document conversions.
- Resolved complex container startup and dependency resolution issues across workspaces, ensuring reliable CI/CD pipeline deployments.
- **Tech Stack:** Next.js (React), TypeScript, Node.js, Docker, LibreOffice, pnpm Workspaces.

FairPlay - Real -Time Secure Coding Assessment Platform | Link **Apr 2026**

- Engineered a scalable academic assessment platform using React 19 and Node.js/Express, featuring a custom multi-file Sandbox IDE (Monaco Editor) that enables concurrent students to securely write, execute, and preview code directly in the browser.
- Developed a low-latency monitoring system utilizing Socket.io and browser event listeners to instantly detect anomalies (tab-switching, copy-pasting), scaling live proctor dashboards for high concurrency using Redis caching and optimized WebSockets
- Secured platform endpoints with JWT-based Role-Based Access Control (RBAC) for multi-tier users (Admin, Teacher, Student), backed by a robust PostgreSQL database managed via Prisma to maintain high performance and data integrity..
- **Tech Stack:** React, Node.js, Socket.io, PostgreSQL, Prisma, Redis, Docker , AWS

Certificates

Frontend Developer (React) **Nov 2025**
Hackerrank — Link

Software Engineer Intern **Nov 2025**
Hackerrank — Link

Full-Stack Development from Cipherschools **Jul 2025**
CipherSchools — Link

Achievements

Earn 100 days coding badge **Jan 2024**

- In Leet Code, earned 100 days of coding badge | Link

Education

- **Lovely Professional University** **Phagwara, Punjab**
  Bachelor of Technology - Computer Science and Engineering: **CGPA: 7.43** **Aug 2023 - Present**
- **Shiva ji Inter Colleg.** **Keshav Nagar , Kanpur**
  Intermediate: **Percentage: 79%** **Apr 2020 – Jul 2021**
- **Rahul Memorial Inter College** **Yashoda Nagar , Kanpur**
  Matriculation: **Percentage: 73%** **Apr 2018 – Mar 2019**
